

Wolfenbüttel

Lessing town of Wolfenbüttel – rich in culture and indulgence

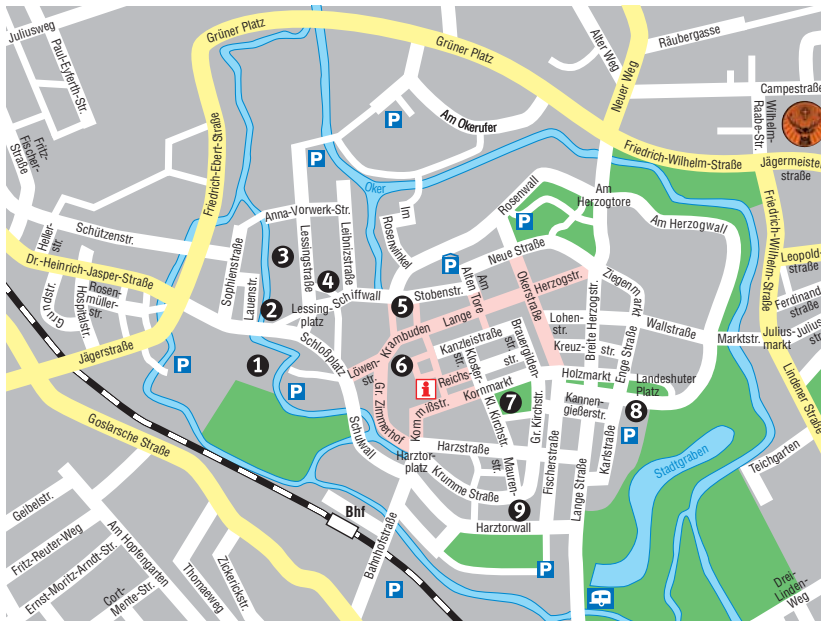

Enjoy a romantic city of half-timbered houses, great history, friendly locals, a world-famous book and a world-famous drink. Enjoy Leibniz, Casanova, Wilhelm Busch and of course Lessing. Only here in Wolfenbüttel can you find authentic places strewn with traces of seminal German Enlightenment poets, such as the Guelph Castle, Duke August's Library and Lessinghaus. Signifi-

cant works such as "Nathan the Wise" and "Emilia Galotti" stood in their rooms. But have no fear, you won't just find "high culture" here, but also all kinds of experiences, leisure activities and culinary offerings – the perfect mix for an exhilarating stay. And be sure not to leave without sampling our unique Jägermeister.
